BAY PATH VOCATIONAL HIGH SCHOOL
Muggett Hill Road
Charlton, Massachusetts 01507

SUPERINTENDENT — DIRECTOR'S MESSAGE

Congratulations to the Class of 1991.

You know now that the choice you made four years ago was the right one for you. Your time at Bay Path Regional Vocational Technical High School has equipped you to be successful in all you do in the future.

Some of you will further your education. Some, I am sure, will serve our country in the Armed Forces. Many of you will become leaders in your trade and eventual business owners. But beyond all that, you will, because of your learning here at Bay Path, become valuable productive citizens of our society.

Be confident that what you have learned puts you above and beyond the average high school graduate, and that you take with you an advantage because of your choice of a technical education.

Always remember your school and the skills that you were taught.

Good luck to you in the future. May you always have a happy and productive life.

Charles F. Valera
Superintendent — Director

We the class of 1991 dedicate this issue of the year- book to two of our teachers.

To **Ms. Manning** who has been our class advisor for four years, who has helped to guide our class with encouragement, good judgement, and patience. Thank you for four great years of memories.

In memory of **Ms. Cyr** a wonderful loving teacher who gave her all to our class for four years. We knew her for a short time and yet each of us is richer for the time we had together. We thank her for her love, understanding and dedication.

A Touch of Love

You were six months old and full of fun.
With a blink of my eye, you were suddenly one.
There were so many things we were going to do,
But I turned my head and you turned two.
At two you were very dependent on me,
But independence took over when you turned three.
Your third birthday, another year I tried to ignore,
But when I lit the candles, there weren't three but four.
Four was the year that you really strived.
Why, look at you now, you're already five.
Now you are ready for books and for rules.
This is the year that you go to school.
The big day came, you were anxious to go.
We walked to the bus, going oh, so slow.
As you climbed aboard and waved goodbye,
I felt a lump in my throat and tears stung my eyes.
Time goes so fast, it's hard to believe
That just yesterday you were home here with me.
And tomorrow when the bus brings you home
and you jump to the ground,
You'll be wearing your cap and graduation gown.
So I'm holding on to these moments as hard as I can,
Because the next time I look, I'll be seeing a man.

To The Class of 1991

You hold in your hand the result of a year of dedication and hard work. The dedication shown by the yearbook staff has been overwhelming. I want you to know that they came together to overcome some tough times in the past year. Because of the circumstances we found ourselves behind in planning and design of your book.

I would like to thank the staff for their performance in bringing this undertaking to completion. While working at the task seemed like drudgery at times, we can look back now and realize that the accomplishment of the task at hand was really a lot of fun. We can now look back on it with fond remembrances.

The leadership of John Carrier and Claire Sygiel during our time of need was greatly appreciated. Thanks to Paula Powers your editor who displayed a maturity beyond her years during the past year.

I hope you enjoy the book and in years to come look back on it as a keepsake of your final year at Bay Path.
